Celebrate summer in the Blacktown CBD

SUMMER || STREETS

Summer Streets

Every January, Sydney Festival enlivens the city with a bold cultural celebration of brilliant art and big ideas. This year, the Festival is extending to Blacktown.

- ⑤ – The Colo Lane Car Park will be the backdrop for the world premiere of *Home Country*, a ground-breaking Australian work by Urban Theatre Projects.

In celebration of this landmark event, Blacktown Arts Centre is making the surrounding streets come alive through a program of live entertainment, installations and projections.

Start your evening at any of the five Summer Streets sites and soak up the Festival atmosphere in our own backyard.

- ① – Follow the ochre trail by artist Chris Tobin from Blacktown Station to Colo Lane.
- ② – Enjoy live music and dance in the Village Green.
- ③ – Check out the projections in the Civic Plaza and Max Webber Library, and the Blank Slate exhibition at the Blacktown Visitor Information & Heritage Centre.
- ④ – Head up the road to Blacktown Arts Centre, where you can see the Blacktown City Art Prize, and relax in the pop-up garden and café/bar.

All activities at Summer Streets are free, and designed for people of all ages and abilities to enjoy.
