

2022 BLACKTOWN CITY CREATIVE ARTS FUND APPLICATION GUIDELINES

APPLICATIONS OPEN: Monday 28 February 2022

APPLICATIONS CLOSE: Friday 1 April 2022

Blacktown Arts is offering a range of opportunities to artists and creatives to apply for funding to develop art and cultural programs with local communities. Through the **Blacktown City Creative Arts Fund**, local artists and community organisations can receive up to \$3,000 to develop art related programs or projects with the community.

Through the Creative Arts Fund, artists and community organisations are invited to activate new ideas and initiatives, and take advantage of partnership opportunities with other organisations, artists and community groups.

The Fund also creates a platform to build social and cultural connections between the communities of Blacktown City and encourage creative expression through a range of arts and cultural activities.

CREATIVE ARTS FUND CATEGORIES:

The Creative Arts Fund is divided into two categories to extend opportunities to community organisations and individual artists.

Community organisations and groups – Category A

Blacktown-based community organisations and groups are invited to apply for grants of up to \$3,000 (inclusive of GST) to develop artistic programs or projects. The funding enables organisations to pay an artist to design, plan and work with their group/s on an artistic and creative program or project.

Artists can play a vital role in creative engagement with the community. Examples include design and implementation of a mural for a community centre, a series of weaving or craft workshops with groups, collecting stories through recording and illustration, etc.

We encourage organisations with no previous experience with arts programs to apply, as well as those with experience.

Eligibility

- Local incorporated non-political, non-religious organisations and groups who are providing services to residents in the Blacktown local government area
- ABN-registered non-profit, non-government community, cultural or arts organisations
- Organisations with written consent from the artist(s) proposed to work with you for the project
- Successful organisations will need a certificate of currency and public liability insurance of up to \$10,000,000

Individual artist or artist groups – Category B:

Individual artists or artist groups are invited to apply for up to \$2,000 (inclusive of GST) to assist in their professional development or to work on an arts project with local community organisations or groups.

We welcome applications from local individual artists or those working in groups
