

SCHOOL HOLIDAY FUN WITH BLACKTOWN ARTS

Little Spirits in the Kitchen

Led by Tubbaa-Gah woman, **Merindah Funnell**, join us for 2 fun-filled workshops that unpack themes from the Ghosts in the Kitchen exhibition.

Utilising drawing and storytelling methods, the focus will be about connecting food with the environment and using memories from cultural events, holidays, family gatherings and favourite snacks.

Participants will be able to take home their own fabric artworks or tote bag.

The aim is to get kids thinking about where their food comes from, develop empathy for the environment, and learn to give thanks to Country and place.
